

Southern Maroni Valley

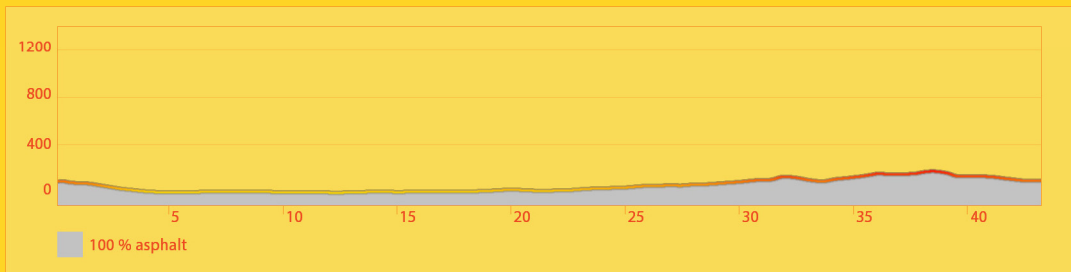

Psematismenos – Zygi – Mazotos – Alaminos – Kofinou – Psematismenos

Head towards Zygi and the coast on this venture through the southern part of the Maroni Valley, once a focal point of human settlement. Major archaeological excavations have been made here. Cycle along the sea, pass Mazotos and Alaminos climbing slowly towards the beautiful village of Skarinou at the lower end of the “Lefka Ori” (White Mountains), that lent Lefkara its name. From here it's only a mere six kilometer back through the landscape of this ancient valley.
